

§3.1.2 The Mission Statement of the Department

The Department's mission statement was formulated in the Spring of 2008, after a period of discussion via email, in the offices and at teas, and was formally adopted by a vote of the faculty members in a meeting of the department. Laminated copies were hung in the offices and the Tea Room.

Statement of Purpose

We, the faculty, graduate students, and staff of the Department of Mathematics, are committed to:

- 1) Research: Promoting high quality research in all branches of the mathematical sciences,**
- 2) Mentoring: Aiding young people with mathematical talent to reach their full potential,**
- 3) Teaching and Service: Helping all students acquire the mathematical skills and tools so essential in today's technological society.**

We aim to pursue these goals steadily, honestly, and considerately.
